We're Stilton Shutters — a family-run team creating made-to-measure shutters, blinds and curtains across Peterborough and the surrounding area. From your first enquiry, we keep things simple: free home consultation, samples brought to you, honest design advice, precise measuring and expert fitting. It's a friendly, end-to-end service designed to make your room look and feel special. Shutters are our signature. Choose from popular styles like Café Style, Tier-on-Tier and Special Shapes, plus options for doors and bi-folds — all tailored to your windows and finished to a high standard. Every shutter range comes with a 5-year warranty for extra peace of mind. We also supply and fit a full range of blinds (including office/commercial solutions, UK-manufactured ranges and motorised options) and

curtains in fabrics to suit every scheme — from modern neutrals to bold contrasts. If you're refreshing one room or kitting out a whole home or workspace, we'll plan, design and install what works for your light, privacy and style. Ready to get started? Book a free consultation and we'll handle the rest — measured and fitted by experts, competitively priced, and scheduled around you.
